

# Dive into Summer Programs!

## Saturday, June 16

### WAVES OF FUN

Build a wave bottle with the crew of USS NAUTILUS. Using everyday household liquids we'll show you how a wave acts in the ocean. Take your waves home with you at the end of the day!

## Saturday, June 23

### RAZZLE-DAZZLE CAMOUFLAGE

We've got a submarine that needs a new paint job and you can help! Many ships that fought in World War II were painted with a special camouflage called "Razzle-Dazzle." Help decorate our scale submarine with this historic paint job.

## Saturday, July 7

### OPSAIL CT 2012

Coming to New London for OpSail 2012? Don't forget to stop by the Submarine Force Museum! We'll have a special activity for children and the young at heart.

## Saturday, July 14

### MISSILE AWAY!

The NAUTILUS crew loves bottle rockets...so we built ourselves a launcher! Stop by the Museum to build your own bottle rocket and see just how high it will fly!

## Saturday, July 21

### DIXIE CUP DECORATIONS

Submariners wear Dixie cup hats with our dress uniforms, but you don't have to get dressed up to decorate one of your own! Stop by the Museum and create a custom hat to take home.

## Saturday, July 28

### FLOOD THE TUBES!

Stop by the USS NAUTILUS and learn how a submarine's torpedo tubes work. You can even build your own torpedo and launch it from our custom-made mini-torpedo tube! How many targets can you hit?

## Saturday, August 4

### HALFWAY DAY

At the Submarine Force Museum we're celebrating the halfway point of summer the same way submariners mark the middle of a deployment—with Damage Control Olympics! We'll have a variety of outdoor activities ready to go including flooding control, fire hose demonstrations, and a cover-all relay race. Stop by for some cool fun on a hot afternoon!

## Saturday, August 11

### MAN THE GUNS!

During World War II, submarines used their deck guns to fend off attacking airplanes or to sink pesky merchant ships. Come by the Museum and use our water balloon deck guns to take out some targets!

## Saturday, August 18

### FIX A FLOOD

Ever wondered how submariners save their ship if water starts pouring in when it isn't supposed to? Come by the USS NAUTILUS and we'll teach you! We've got trained submariners standing by to demonstrate how we fight flooding on our boats. At the end of the lesson you can even give it a try yourself!

## Saturday, August 25

### DOLPHIN DESIGNS

Submariners wear customized patches on our uniforms to show which boat we're on. Come by the Museum to learn about the history of these patches and make one to take home!

## September 1 - 3

### LABOR DAY WEEKEND

Finish up the summer with a special self-guided activity.

**All programs are FREE -**

**No registration is required!**

**Programs run from 10:00-1:00.**

**All events take place at:**

**Submarine Force Museum & USS Nautilus**

Adjacent to US Naval Submarine Base New London
