# Submarine Force Library and Museum Association 2010 Donor Registry

The Submarine Force Library and Museum Association, which exists to support The Submarine Force Library and Museum, believes that recognition of donors and proper stewardship of funds are two duties we owe to our loyal supporters. Through an exceptional outpouring of generosity, hundreds, even thousands of individuals, corporations and foundations have expressed their confidence in the Association and are helping to insure we will be able to provide even better support for the Museum in the future.

The most important message we at the Submarine Force Library and Museum Association can impart is your gift matters. Whatever size your gift, large or small, it is a resource that enables the Museum to remain at the forefront in preserving the rich history of the United States Submarine Force. We will endeavor to foster and encourage those who support the Museum with their wealth and wisdom by: 1) acknowledging any and all contributions in a timely, accurate and appropriate manner; 2) recognizing donors in meaningful ways that adhere to donors' wishes regarding anonymity and other levels of public disclosure; 3) prudently investing donated funds for appropriate return; and 4) reporting to donors in a consistent and accurate manner on the use, impact and management of their financial contributions.

Individuals, corporations and foundations are recognized for outright gifts and pledge payments during a calendar year. All donors, regardless of the amount of their gift are listed in the annual donor report. While we have made every effort to ensure the accuracy of this registry, errors are still possible. If we have omitted or listed someone improperly, we apologize. Let us know and we will correct the error.

*David M. Goebel*
